SUBJECT: CAO

SUMMARY OF COMMUNICATION: Kongkeo called numerous times and left voice mails wanting to talk about the CAO. I called back and explained the CAO and the process to comply with it. He stated that he already has cleaned up most of the stuff that is required, and I explained that the CAO was not requiring the cleaning up of trash and that maybe he had the CAO confused with County requirements of trash abatement. I again explained that the water board CAO was sent out to ensure the clean up of the grading and dam construction. I encouraged Kongkeo to read and fully understand the CAO and to retain a consultant to assist with complying with the terms of the CAO.
